

Community Supported Agriculture Yoeder Heirlooms 2010 Season Product List

Beginning with the 2010 season **Sweet Season Farm** (www.sweetseasonfarm.com) has partnered with Yoeder Heirlooms who will be managing the entire farm operation. Matt and Colleen specialize in heirloom varieties of fruits, vegetables and herbs and will be offering a limited quantity of CSA shares. They hail from Pennsylvania where they operated an organic farm for several years supplying restaurants and stores in the Philadelphia area along with a major presence at many farmers markets. All produce will be grown here at the farm using organic methods. This will be a 10-week share package, which will begin in June and run through August and pick-up will be onsite at the farm store. The price will be \$200 and you will receive a minimum of \$20 -\$25 worth of premium produce per week. Enough to feed a family of five. Please call them direct at 845-2476, email yoderheirlooms@yahoo.com or stop by the farm beginning in April for more information and sign up sheets.
