### **Café open with expanded hours.**

Beginning, Thursday, May 21, we will offer dinners in the café on Thursdays, Fridays, and Saturdays from 5 till 8 PM for the summer season. This is a change from last years schedule. Also by requests we will be combining our theme nights across all three nights. Now you will be able to get BBQ, Seafood, or International on any night we offer dinners. Our summer hours in the café are Wednesday through Monday from 6:30 AM till 3 PM for breakfast and lunch, dinners Thursday, Friday and Saturday from 5PM till 8 PM, closed Tuesdays. I'd like to thank everyone for his or her support and encouragement. We are off to a sweet “sweet season”.

### **Ice Cream Shoppe & Takeout Ready For 2009 Season.**

Our new ice cream shop and take out window is up and running. Beginning May 21 we will be expanding our hours to the summer schedule. The ice cream shop and takeout window will be open from 11:00 AM till 8:00 PM, closed Tuesdays.

In addition to the ice cream we'll be offering 25 different sandwich combinations, burgers, dogs, fries, onion rings, all the traditional summer fare at the window. So be prepared to celebrate the season.

Also while visiting the takeout window check out our new farm store, we've added many new Maine made products that we think you'll enjoy. Please support these vendors and keep your dollars in Maine, it's the only stimulus package they'll be receiving. Thanks again and hope to see you soon.

## **The Farm Front.**

The black flies arrived in force May 1 but luckily we had most of the planting done. We still have plenty to do, mulching, trellising and weeding but schedule these tasks around the flies. The strawberries are looking great, the blueberries are preparing to bud and the raspberries are leafing out. If we get consistent rainfall and a little heat we should have a fantastic berry season. Keep your fingers crossed. We should expect strawberries June 26, raspberries July 10, and the early blueberries around July 10. Call for info on picking conditions 845-3028 when we get closer to harvest time.

## **Quote Of The Month.**

*"Our destruction, should it come at all, will be from another quarter. From the inattention of the people to the concerns of their government."*-Daniel Webster
